Bay St. Louis Bridge Opens In Time For Holiday Traffic

The Bay St. Louis bridge was restored to full traffic use under a \$900,000 contract by the Cons-Plan Division of U. S. Dept. of Public Works on Wednesday and just in time to meet the demands of extraordinarily heavy holiday traffic.

Highway Department Director D. B. McCas explained the use of a modern epoxy glue application in repairing this two mile structure which was badly damaged during the August hurricane. Work under the contract started September 1 and in less than four months an outstanding job was completed restoring in perfect condition the length of Highway 90 connecting the City of Bay St. Louis with coastal area known as Hancock Point. Project Engineer C. D. Car-

raway of Bay St. Louis and his co-workers supervised construction for the highway department and over-all plans were coordinated by J. M. Brownlee (District Engineer) and R. I. Newcomer, the District Construction Engineer. Highway Department Director D. B. McCas and W. H. "Shag" Pyron, are gratified that heavy trucks as well as normal traffic may once again travel safely the "Bay Bridge".

Holiday traffic is exceptionally heavy and it was re-

ported that the almost bumper-to-bumper stream of cars

crossed the bridge on Sunday night at peak hours of seven to ten p.m. in a steady stream from Mobile to New Orleans.

corn can be a profitable crop if you treat it right. Corn was profitable in 1969 but it may be a different story this year. There are more insects, fewer diseases, more moisture.

Planting

Plant the corn on your best land and plant it early. By planting early (before April 1st) you have fewer insects, fewer diseases, more moisture.

corn, lower temperatures at planting time and it will already be planted before other crops need to be planted.

Be sure to use enough seed to insure stands. This means at least 15 pounds per acre. Broadcast seedlings for weed control. But remember, you can't do this if you are going to follow the corn with a small grain.

Fertilize to insure high yields. Test your soil for phosphorus and potassium, and figure your nitrogen needs by the amount of corn you want to grow. It takes two pounds of nitrogen for every bushel of corn that you grow.

You might decide to grow milo or grain sorghum instead of corn. It is a super crop for several reasons. These include: It will produce on a wider range of soils, it can withstand more drought, it matures earlier, it is good for rotation with soybeans to clean up fields. Both bird resistant and non-bird resistant varieties are yielding more. Average yields range from 3,500 to 6,000 pounds per acre.

In a nutshell, decide whether you want corn or milo or both. Prepare your plan of action. Decide which soils to use for each crop and farm for maximum production.

PLAN NOW FOR NEXT YEAR

For some low Mississippi farmers results are good from the 1969 year, for others, they are not so good.

Now is the time to plan for 1970 so that you can make a better crop. The time you spend now reviewing your farm pro-

gram may be the most important time. You must spend for the next 12 months.

WINTER GRASSING
Manage your winter grazing crops for best results. Never overgraze as if these crops are grazed too closely, they have a difficult time making regrowth. If the land is boggy, keep cattle off. Cattle often do more damage to grazing areas by bogging than they do by grazing. Make sure that you have plenty of nitrogen available to the crops so that they can take advantage of all warm weather to make extra growth.

MOVIE SCHEDULE
The new Billy Graham two-tape length sound-color motion picture, "LUCIA" will be shown 7:30 p.m., January 8 at First Baptist Church, Bay St. Louis. This is the story of "LUCIA", coming to the motion picture screen with all of the pathos and poignancy that transcends the Latin setting, to embrace the spiritual needs that are common to every culture and clime around the world.

MR. ROBERT F. HENLEY, III, GETS HIS NEW CHEVY PICKUP FROM LAMAR-LANE CHEVROLET SALESMAN HERB BARN.

Mr. Robert F. Henley, III of Waveland was in need of a new pickup truck for his contracting business. So many of his friends are satisfied customers of Lamar-Lane Chevrolet that he knew that it wasn't necessary to buy elsewhere. At Lamar-Lane Mr. Henley was greeted by courteous salesman Herb Barn. Herb Barn took excellent care of Mr. Henley and he is very proud of his new Chevy pickup. Mr. Henley would like to recommend Lamar-Lane Chevrolet and Herb Barn to all of his friends in need of a new car or truck for he knows that they are the people who will take the best care of their customers. With all the satisfied customers, including himself, Herb Barn, he could give you many dollars. Wouldn't it be nice to start the new year with a new 1970 Lamar-Lane Chevrolet. Christ Episcopal School Receives Shower of Checks

A shower of checks covered the desk of Rev. Charles R. Johnson, pastor of the Christ Episcopal Day School, the "Christ Episcopal High School, Pastor of Christ Episcopal Church, when his letter opener alerted an envelope from the Rev. G. Richard Wheeler, director of St. Francis Episcopal Day School, in Houston, Texas, one day last week.

The checks totaled \$318 and represented the Christmas thank offering of the children of the St. Francis School.

In an accompanying letter, Mrs. Sarah W. Woolrich, who is in charge of the program, said:

"This offering represents the Christmas Thanksgiving for our own blessings and our prayers that the 'Christians' will be a flock of sheep and renewed faith through blessings bestowed upon you and your work."

"Each child, from three years of age and up, was able to present his own offering (at the Altar) in front of the pastor. Your Christ Church and School are in the hearts

and prayers of each St. Francis child.

"Besides the enclosed checks, we have nine books of trading stamps which we will send you. In my office are 50 cards containing assorted unexpired stamps turned out by one of our school concerns, and books from the Jesuit High School which may be of use to you."

The Rev. Johnson said, "this gift could be used to buy much needed laboratory equipment for our high school chemistry classes or for a down payment on the badly needed new bus to take the place of the one Hurricane Camille washed out on August 17."

"Our hearts at this Christmas time, are full of gratitude to God and His good people."

Yacht Clubs Join In New Year's Party

Mr. Oney Raines, Commodore of the Gulfport Yacht Club, extended an invitation to members of the Pass Christian Yacht Club to join the New Year's Eve party which was held in the Buena Vista on Wednesday evening. The New Year's Eve dance, one of the outstanding social events on the Gulf Coast was well attended, according to Charles Pearson, Jr., who serves as Commodore in the Pass Christian Club.

Commodore Pearson said that articles lost from the club house during Hurricane Camille have been found in "unlikely places" and remarked that "the ball box was picked up on Henderson Point, the life ring from a play in the Isles." Latest find from salvaged possessions of the Pass Club was a silver plaque found on the golf course by Ronnie Ripple and returned to the club. This plaque was won in 1964 in the Lipton Cup Races and the names of Sydney Ellis, Harry Wittmann, Sherry Schmidt and Ricky Adams are engraved on it.

The temporary club house located on West Beach is, according to Commodore Pearson, available for card parties, meetings and small gatherings. Frank Lombardo should be called upon by members wishing to make arrangements. Bar service is available and plans are to provide sandwiches for special occasions.

Large holes left by Hurricane Camille on Pass Yacht Club property are being filled in with "rip-rap," a refuse material from Highway 90 that must be cleared in the rebuilding of the thoroughfare.

Filling a vacancy on the Board of Directors is Tom Bourdin who was elected following the death of Captain Ed Neill.

KANTCHA KETCHUM
By L.S. (Doc) Elliott
The weather of the past week was ideal with the exception of Saturday when it was cloudy with some rain, but still fish were hitting. Duck and dove hunting was middling. A few whores killed up Jordan River in Vico and Sauter's lake. Up Jordan River and at Pearl River speckles are still being caught with green trout being thrown in. Various cat water fish were also caught.
Among those catching fish were Andy Anderson, his buddy Ed and Yours Truly who camped most of the week in Andy's new trailer in Shoreline Park. His old one went with Camillo. Andy hails from Marrero, La.

Kenneth McCarthy had joined us retroos. He said he is going to spend the rest of his life fishing and hunting. I'll be with you, buddy.
Red Lusich is another of our local fishermen. He spends a lot of time outdoors.

MR. AND MRS. JAMES E. MARTIN OF GULFPORT GET THEIR NEW CHEVY PICKUP FROM LAMAR-LANE CHEVROLET SALESMAN HERB BARON.

Mr. James Martin of Gulfport shopped all around and no one wanted to sell him a pickup equipped exactly the way he wanted it. A friend told Mr. Martin to check with salesman Herb Baron at Lamar-Lane Chevrolet in Bay St. Louis. Mr. Martin drove over to Lamar-Lane in Bay St. Louis and talked to Herb Baron and he suggested a pickup to Mr. Martin's specifications. Mr. Martin got a Chevy pickup with just the equipment he wanted and at an excellent price and he is very satisfied. Lamar-Lane has many new Chevy trucks and cars available at all times, but if they haven't one just the color you want, equipment you want they are only too happy to order one for you to your specifications and colors.
